Aware that Djibouti is included in the list of least developed countries and that it is ranked 150th out of 177 countries studied in the *Human Development Report 2005*,[5]

Noting that the economic and social development efforts of Djibouti are constrained by the extreme local climate conditions, in particular severe droughts and flash floods, and that the implementation of reconstruction and development programmes requires the deployment of substantial resources which exceed the limited capacity of the country,

Noting also that the situation in Djibouti has been made worse by the disastrous drought situation prevailing in the Horn of Africa and by the absence of natural resources, which continue to place serious constraints on the fragile economic, budgetary, social and administrative infrastructure of the country,

Expressing its concern at the severe shortage of drinkable water and the severe food crisis, as reflected in the report of the Secretary-General,[6]

Noting that the Government of Djibouti has implemented a reform programme, including the approval of a poverty reduction strategy paper with the Bretton Woods institutions,

Noting with gratitude the support provided by various countries, as well as intergovernmental and non-governmental organizations, to meet the humanitarian needs of the country,

1. *Takes note* of the report of the Secretary-General;[6]

2. *Declares* its solidarity with the Government and the people of Djibouti, who continue to face critical developmental and humanitarian challenges owing to the scarcity of natural resources, coupled with harsh climatic conditions, including the acute issue of water supply and the severe food crisis impacting on the development aspirations of the country;

3. *Encourages* the Government of Djibouti, despite difficult economic and regional realities, to continue its important efforts towards the consolidation of democracy, the promotion of good governance, accountability and the eradication of poverty;

4. *Notes* the implementation of a reform programme and the adoption and endorsement of a poverty reduction strategy paper by Djibouti, encourages the Government of Djibouti to continue to work towards the attainment of the goals outlined in the poverty reduction strategy paper and, in that context, appeals to all Governments, international financial institutions, the specialized agencies and non-governmental organizations to respond adequately to the financial and material needs of the country in line with the poverty reduction strategy;

5. *Expresses its gratitude* to the intergovernmental organizations and the specialized agencies of the United Nations for their contributions to the national rehabilitation of Djibouti, and encourages them to continue their efforts;

7. *Requests* the Secretary-General to continue, in close cooperation with the Government of Djibouti, his efforts to mobilize resources necessary for an effective programme of financial, technical and material assistance to Djibouti;

8. *Also requests* the Secretary-General to report to the General Assembly at its sixty-second session on the progress made with regard to the implementation of the present resolution.
